

Snapshot report

Under the Investing for Success Agreement for 2018

Woodlinks State School received

\$327 690

Our full 2018 agreement can be found at: www.woodlinksss

Our school initiatives are showing substantial progress toward our targets

After reviewing our 2018 *Investing for Success* agreement, it is clear that we have made progress toward our targeted student outcomes. We will continue to focus on maximising the benefits of this funding for our students, and adjust our initiatives as needed to ensure every student succeeds.

Initiatives implemented include:

- Woodlinks Five Reads Model has been embedded from P-6 and includes the areas of guided, shared and modelled reading.
- An extensive professional development plan for all staff continued to develop their capacity in improving explicit reading outcomes for all students.
- A focussed mentor and coaching program continued to develop an expert teaching team in the area of reading through the Australian Curriculum.
- The collaborative data inquiry process has been embedded in the Australian Curriculum implementation and professional development has been provided to all teachers to improve their capacity in interrogating data for improved student outcomes.
- Professional Learning Communities have provided an avenue for staff to share and develop research based improvements through reading outcomes.
