

The WoodLinks Art Show is a two day event that occurs toward the end of term 3 annually (check the website calendar for dates). Each year students, staff and the wider community put their artistic skills to the test to prepare amazing pieces for sale and auction. All proceeds raised at this fun event go to our fantastic P&C who, of course, direct all money to the benefit of the school.

The school hall is transformed into a sea of colour and creativity. This environment is perfect for the first part of the show, our Wine and Cheese evening. Parents, carers, grandparents etc. are invited to attend this formal event and enjoy a night of social interaction, fun and the chance to bid on selected art work. Our before and after school care providers are on site during this time to assist with child minding if needed.

The Art Show concludes on day two with an action packed afternoon. Families are invited to peruse the gallery, bid on silent auction items and purchase their children's art. Within this schedule you will enjoy student performances, raffles, prizes and lots of action as we auction off the staff art.
