

# MOTHER'S DAY *High Tea*

*"A Mother's heart is a special place where her children are always home."*

*In partnership with our Community Hub WoodLinks hosted the first annual Mother's Day High Tea in 2017. The high tea is a popular event where mothers and significant women in our students' lives take a morning to enjoy a well earned break.*

*This event is popular for the great catering, raffles, social interaction and of course the student performances and gifts. The event is usually scheduled during the week prior to Mothers' Day. Please check our website calendar or contact the school to confirm dates.*
